

## This Week

The median list price in BRIGHTON, CO this week is \$458,500.

Inventory is up and Market Action is trending down recently. While days-on-market appears to be trending lower, the overall conditions are weakening a bit.

## Supply and Demand

- The market has started cooling and prices have recently plateaued. Since we're in the Seller's zone, watch for changes in MAI. If the MAI resumes its climb, prices will likely follow suit. If the MAI drops consistently or falls into the Buyer's zone, watch for downward pressure on prices.

The Market Action Index answers the question "How's the Market?" by measuring the current rate of sale versus the amount of the inventory. Index above 30 implies Seller's Market conditions. Below 30, conditions favor the buyer.
